[Intro] **Em** / **G** / **D** / **Dsus** / **Cadd9** / **Aadd9**

Em No one knows what it's **G** like, To be the **D** bad man **Dsus4**
To be the **Cadd9** sad man, Behind **Aadd9** blue eyes
And **Em** no one knows what it's **G** like, To be **D** hated **Dsus4**
To be **Cadd9** fated to **Asus2** telling only lies

But my **C** dreams **D** they aren't as **G** empty
As my **C** conscience **D** seems to **E** be
I have **Bsus2** hours, only **C** lonely,
My love is **D** vengeance That's never **Asus2** free

Em No one knows what its **G** like To feel these **D** feelings **Dsus4**
Like I **Cadd9** do And I blame **Aadd9** you
Em No one bites back as hard **G** On their **D** anger **Dsus4**
None of my **Cadd9** pain and woe Can **Asus2** show through

But my **C** dreams **D** they aren't as **G** empty
As my **C** conscience **D** seems to **E** be
I have **Bsus2** hours, only **C** lonely,
My love is **D** vengeance That's never **Asus2** free

No one knows what its like To be mistreated,
to be defeated Behind blue eyes
And no one know how to say That they're sorry
and don't worry I'm not telling lies

But my **C** dreams **D** they aren't as **G** empty
As my **C** conscience **D** seems to **E** be
I have **Bsus2** hours, only **C** lonely,
My love is **D** vengeance That's never **Asus2** free

[Bridge]

E Bsus2 A

E When my fist **Bsus2** clenches, **A** crack it **E** open
E Before I **Bm** use it and **G** lose my **D** cool
When I **Bsus2** smile, **A** tell me some **D** bad news
Before I **Bm** laugh and **A** act like a **E** fool **Bsus2 A**
E And if I **Bsus2** swallow **A** anything **E** evil
E Put your **Bm** finger **G** down my **D** throat
And if I **Bsus2** shiver, please **A** give me a **D** blanket
Keep me **Bm** warm, let me **A** wear your **E** coat **Bsus2 A**
