Key = **Em**

Em Long ago, **D** and, oh, so far **C** away **Bm**
I fell in **Am7** love with **C** you before the **Bm** second show
Em Your guitar, **D** it sounds so **C** sweet and clear **Bm**
But you're not **Am7** really here, **C** it's just the **Bm** radio

C Don't you remember, you **Bm** told me you **Am** loved me, **G** baby?
C You said you'd be **Bm** coming back this **Am** way again, **G** baby
C Baby, baby, **Bm** baby, baby, **Am** oh **G** baby
I **F** love you, I **C** really do

Em Loneliness **D** is such a **C** sad affair **Bm**
And I can **Am7** hardly wait **C** to be with you **Bm** again
Em What to **D** say to make you **C** come again? **Bm** (Baby)
Come back to **Am7** me again **C** (baby)
And play your **Bm** sad guitar

C Don't you remember, you **Bm** told me you **Am** loved me, **G** baby?
C You said you'd be **Bm** coming back this **Am** way again, **G** baby
C Baby, baby, **Bm** baby, baby, **Am** oh **G** baby
I **F** love you, I **C** really do

C Don't you remember, you **Bm** told me you **Am** loved me, **G** baby?
C You said you'd be **Bm** coming back this **Am** way again, **G** baby
C Baby, baby, **Bm** baby, baby, **Am** oh **G** baby
I **F** love you, I **C** really do **Bm**
