

I Don't Like Half The Folks I Love

Paul Thorn

A My family reunion is D going on A today
A My relatives have all flown in
E7 From places far away
A As we sit here eatin' chicken
D It hits me like a truck
A I don't like E7 half the folks I A love

Me and my former best friend had a big fallin' out
I caught him with my wife
So I punched him in the mouth
We just can't hang out anymore
But I still wish them luck
I don't like half the folks I love

Chorus:

D God knows they're all dear to me
A But if the truth be told
B7 I like it when they come
E7 But I love it when they go
A I'm sure they've got good qualities
D But the bad ones cover them up
A I don't like E7 half the folks I A love

My alcoholic buddies are fun to hang around
When we drink together, peace and joy are bound
But sometimes they bring me one more shot
When they know I've had enough
I don't like half the folks I love

Chorus...

In this world we live in this I guarantee
We all need more tolerance
To get along peacefully
But I'm not as nice as Jesus
And I really am fed up
I don't like half the folks I love

Chorus... I don't like half the folks I love
